**C062163      In re LARRY DUN on Habeas Corpus.      (Not For Publication)**

The petition for writ of habeas corpus is granted because the evidence presented at the November 2008 parole hearing does not provide "some evidence" to support the Board's finding that petitioner is unsuitable for parole. The Board is directed to hold a new hearing within 30 days of the finality of this decision and to find petitioner suitable for parole, unless new evidence of his conduct and/or change in mental status subsequent to the November 2008 parole hearing is introduced and is sufficient to support a finding that he currently poses an unreasonable risk of danger to society if released on parole.
